The Keeper Is Customized For You!

There is no off-the-shelf Keeper. Each one is customized especially for each of our customers. You tell us which products you are intending to keep secure and we'll take it from there.

Call or e-mail AIS today and let's start designing your organization's Keeper. Remember the Keeper Care System (KCS) is not web-based, there's no monthly service fee, no reporting fees, and there's no contract. In other words, you design your Keeper and you control your Keeper.

**We are the manufacturer - we control the process.
We don't have to check with the factory; we are the factory.**
